Thirsty? By Tom Hall

Our physical bodies demand water. That shouldn't surprise anyone since 55% of the male body mass is water (51% in women). Our blood is 83% water, and muscles are 75%; even our bones are 22% water. Our survival depends on getting enough water, and just a 2% deficiency means we are dehydrated.

Thirst is a sensation all experience, but few can explain. All we know is that when we're thirsty we begin searching for something to drink.

How's your spiritual thirst? Jesus pointed to this reality: "If anyone thirsts, let him come to me and drink. He who believes in me, as the Scripture has said, out of his heart will flow rivers of living water" (John7:37-38).

Do you crave the righteousness of God found in the pages of Scripture? How long has it been since you've had a drink?
