## WORRY

For 15 years a wife bothered her husband nearly every night by awakening him: "Honey, wake up! I think I hear a burglar in the house!"

Almost every night the devoted husband would stumble downstairs, look around, and return to bed, reassuring his wife, "No burglar."

But one night was different. The husband actually found a thief in the dining room, stealing their valuables. He politely asked the burglar, "Before you finish packing up our family silver would you mind coming upstairs with me? There's someone upstairs who has been waiting 15 years to meet you!"

The wife may have lost some valuable possessions that night, but she had been victim of a far worse criminal for 15 years - worry!
